

ACADEMIC AND CAREER EXPLORATION

Certificate of Achievement Transfer Preparation Major Code: 01001

The Academic and Career Exploration Certificate provides a structured pathway for students to discover their academic interests and potential career paths. Through a combination of courses, students can explore various fields of study, develop essential job search skills, and gain insights into potential career options. This certificate program equips students with the knowledge and resources needed to make informed major and career decisions.

Program Student Learning Outcomes

- Student will determine potential academic major options by analyzing and interpreting the outcomes of their personality, interests, skills, and values assessments utilizing the theories of Carl Jung, John Holland, Myers-Briggs Type Indicator, and similar assessments.
- Students will describe and apply major concepts and theories of career options in various academic disciplines in writing or in other forms of effective presentation.

Code	Title	Units
Required Core: 6 units
