

ACCOUNTING

Associate in Arts Degree

Transfer Preparation* (Major Code: 01110)

Designed to equip students with the knowledge, skills, practices, and values to understand the complex and changing global business environment. Individual courses promote comprehension of the field, foster problem solving, and provide basic analytical and conceptual skills. Lower-division requirements are not the same for all universities, and there are differences among the areas of specialization. However, the courses listed below meet the lower-division requirements for most universities offering a bachelor's degree with a major in accounting. Students usually start with the two-year undergraduate common core curriculum in business administration, as these are required for most business related majors.

Program Student Learning Outcomes

- Prepare financial statements, supporting schedules, and management reports in compliance with Generally Accepted Accounting Principles.
- Student will prepare financial statements, analyze financial data, and explain the meaning and impact of the data upon the business.
- Student will represent mathematical information symbolically, visually, numerically and verbally and interpret mathematical models such as formulas, tables, and graphs while recording and interpreting the financial data.
