

RECORDING ARTS AND TECHNOLOGY

Certificate of Achievement

Career/Technical (Major Code: 02537)

Prepares students for employment in studio recording, television, and film sound production. Builds on their recording industry technical education in recording arts and recording technology. Contributes to the students' financial independence and career success, and allows them to take key roles within the digital audio recording and sound mixing fields.

Program Student Learning Outcomes

- Students will be able to communicate abstract concepts to clients in order to meet their subjective creative needs.
- Students will explore a repository of audio information and use their findings to make informed decisions.
- Student will clearly present and demonstrate the creative process and concepts behind various mixing techniques.

Gainful Employment

The U.S. Department of Education requires colleges to disclose a variety of information for any financial aid eligible program that "prepares students for gainful employment in a recognized occupation."

Students who complete this program will have acquired the necessary analytical tools to successfully secure gainful employment in the field of study.

For more information regarding the data provided for this program and what it means to you as a student, please feel free to visit our SWC Gainful Employment website at: www.swccd.edu/gainfulemployment (<http://www.swccd.edu/gainfulemployment/>).
