Associate in Arts

Transfer Preparation* (Major Code: 01225)

Theatre Arts can help prepare students for many career opportunities including work in the specific areas of theater production or performance as well as the related areas of advertising, television, film, recreation, education, and management. Theater managers manage theaters for stage productions or motion pictures. Related career titles include actor, director, costumer, script coach, stunt person, playwright, drama coach, set designer, business manager and instructor. Upon completion of the Associate in Arts in Theatre Arts for Transfer, students will have a strong academic foundation in the field and be prepared for upper division baccalaureate study. Completion of the degree indicates that the student will have satisfied the lower division requirements for transfer into Theatre Arts or similar major at many universities. It is recommended for students to consult with an academic counselor to verify that university program requirements have been met, especially if planning to transfer to SDSU.
