

# ASSOCIATE DEGREE NURSING (ADN)

## ADN 26 NATIONAL COUNCIL LICENSURE EXAMINATION 3 UNITS

Pass/No Pass Only  
Recommended Preparation: ADN 225 or equivalent.  
Limitation on Enrollment: Enrollment is limited to Nursing students in their fourth semester and nursing school graduates.  
Lecture 3 hours  
Offered: ALL  
Provides the nursing student with concepts and techniques necessary to pass the National Council Licensure Examination (NCLEX). Focuses on the application of critical thinking. Emphasizes theory and skills necessary for the new registered nurse to provide competent safe care. [ND]

## ADN 106 DOSAGE CALCULATIONS FOR NURSES 2 UNITS

Grade Only  
Lecture 2 hours  
Offered: ALL  
Focuses on math review for dosage calculations, conversion between different systems of measurement, dosage calculation and measurement, drug orders and labels, and intravenous calculations. Emphasizes techniques of safe medication administration. Examines special considerations for administration of medications to elderly and pediatric patients. [D; CSU]

## ADN 112 FOUNDATIONS OF NURSING PRACTICE 4 UNITS

Grade Only  
Corequisite: ADN 112L.  
Limitation on Enrollment: Enrollment is limited to students in the RN program.  
Lecture 4 hours  
Offered: FALL  
Instructs students on meeting the basic needs of patients, patients with medical-surgical dysfunction, develop confidence in critical thinking, utilize the nursing process, physical assessment, documentation, medication administration, legal and ethical considerations, interdisciplinary communication, teaching and learning, and cultural considerations. Emphasis in adult-geriatric populations. [D; CSU]

## ADN 112L FOUNDATIONS OF NURSING PRACTICE LAB 4 UNITS

Pass/No Pass Only  
Fee: \$65  
Corequisite: ADN 112.  
Limitation on Enrollment: Enrollment is limited to students in the RN program.  
Laboratory 12 hours  
Offered: FALL  
Applies fundamental nursing knowledge, critical thinking, psychomotor skills, and utilizes the nursing process to deliver safe, effective care to diverse adult-geriatric populations in various clinical settings. [D; CSU]

## ADN 113 MATERNAL NURSING 2 UNITS

Grade Only  
Prerequisite: ADN 112 and ADN 112L, or equivalent.  
Corequisite: ADN 113L.  
Lecture 2 hours  
Offered: SPRING  
Creates a plan of nursing care for childbearing patients and families, develop and understanding of normal and abnormal physiological findings for obstetric patients, neonates, and families. Applies concepts of standardized communication tools to advocate for culturally appropriate patient-centered care. Identifies nursing priorities using critical thinking and clinical judgment. [D; CSU]

## ADN 113L MATERNAL NURSING LABORATORY 2 UNITS

Pass/No Pass Only  
Fee: \$65  
Prerequisite: ADN 112 and ADN 112L, or equivalent.  
Corequisite: ADN 113.  
Laboratory 6 hours  
Offered: SPRING  
Applies nursing knowledge, critical thinking, demonstrates physical assessments, and utilizes the nursing process to deliver safe, effective care to diverse childbearing families in various settings. [D; CSU]

## ADN 114 NURSING SUPERVISION AND LEADERSHIP I 2 UNITS

Grade Only  
Recommended Concurrent Enrollment: ADN 223.  
Prerequisite: ADN 112 and ADN 221, or equivalent.  
Lecture 2 hours  
Offered: SPRING  
Introduces basic nursing concepts of leadership and management skills. Emphasizes key concepts related to leadership and management, including delegation, strategic planning, staffing and scheduling, conflict resolution, team building, legal and ethical issues, managing personal/personnel problems and leading change. [D; CSU] (Same as: ADN 214)

## ADN 115 TRANSITION TO ASSOCIATE DEGREE NURSING 1 UNIT

Grade Only  
Fee: \$65  
Corequisite: ADN 115L.  
Limitation on Enrollment: Enrollment is limited to students with an LVN License.  
Lecture 1 hour  
Offered: SPRING  
Facilitates transition of LVN into the ADN program. Includes an orientation to ADN policies, procedures, and curriculum. Emphasizes role change, nursing process, evidence-based practice, supervision and delegation, professional communication, and group dynamics. [D; CSU]

**ADN 115L  
TRANSITION TO AS LABORATORY  
1 UNIT**

Pass/No Pass Only

Corequisite: ADN 115.

Laboratory 3 hours

Offered: SPRING

Introduces a clinical course that facilitates transition of the LVN to the RN role. Provides clinical experience that emphasizes the nursing process, management of care, and working as part of a multidisciplinary team. [D; CSU]

**ADN 116  
ADN PRACTICUM  
2 UNITS**

Pass/No Pass Only

Prerequisite: ADN 112L and ADN 113L, or equivalent.

Laboratory 6 hours

Offered: SUMMER

Laboratory course providing hospital experiences with variety of acute and chronic health conditions. Students will utilize the nursing process to assist patients in restoring optimal health functions and illness prevention. [D; CSU]

**ADN 117  
ADVANCED CRITICAL THINKING IN NURSING  
1 UNIT**

Grade Only

Limitation on Enrollment: Enrollment is limited to students currently enrolled in the VN program or ADN program.

Lecture 1 hour

Offered: SUMMER

Designed for nursing students to improve their critical thinking skills. Includes concepts related to critical thinking, needs analysis, case study analysis, critical thinking applications, and test-taking strategies for nursing. [D; CSU]

**ADN 118  
PSYCH MENTAL HEALTH NURSING  
1 UNIT**

Grade Only

Corequisite: ADN 118L.

Lecture 1 hour

Offered: FALL

Uses the nursing process in planning care for patients with mental health disorders, identifies resources and ways of coping to plan nursing interventions. Examines the nurse's therapeutic role in maintaining and enhancing mental health, and to meet the needs of persons with emotional and/or cognitive abilities that impair day-to-day functioning. [D; CSU]

**ADN 118L  
PSYCH MENTAL HEALTH NURSING LABORATORY  
2 UNITS**

Pass/No Pass Only

Corequisite: ADN 118.

Laboratory 6 hours

Offered: FALL

Provides experience in acute inpatient psychiatric facilities and various community-based mental health programs. Utilizes the nursing process in providing client-centered care. [D; CSU]

**ADN 119  
PEDIATRIC NURSING  
2 UNITS**

Grade Only

Prerequisite: ADN 112 and ADN 112L, or equivalent.

Corequisite: ADN 119L.

Lecture 2 hours

Offered: SPRING

Recognizes concepts influencing growth and development of children and adolescents across the health-wellness continuum and describes nursing care of pediatric patients and their family unit. [D; CSU]

**ADN 119L  
PEDIATRIC NURSING LAB  
2 UNITS**

Pass/No Pass Only

Prerequisite: ADN 112 and ADN 112L, or equivalent.

Corequisite: ADN 119.

Laboratory 6 hours

Offered: SPRING

Applies nursing knowledge, uses critical thinking, demonstrates assessments, and utilizes the nursing process to deliver safe, effective care to diverse pediatric populations in various settings. [D; CSU]

**ADN 150  
PHYSICAL ASSESSMENT  
2 UNITS**

Pass/No Pass Only

Limitation on Enrollment: Enrollment is limited to registered nurses and student nurses.

Lecture 2 hours

Offered: ALL

Prepares the student to apply the nursing process while conducting a physical assessment of all body systems on an adult patient. [D; CSU]

**ADN 212  
ASSESSMENT AND MANAGEMENT OF THE CRITICALLY ILL PATIENT  
2 UNITS**

Grade Only

Limitation on Enrollment: Enrollment is limited to registered nurses and student nurses.

Lecture 2 hours

Offered: SUMMER

Introduces nursing students and registered nurses to the concepts of nursing care of the critically ill patient. Describes principles of care for patients in the emergency room, intensive care unit, and telemetry units. Covers advanced assessment, electrocardiogram interpretation, and hemodynamic monitoring. [D; CSU]

**ADN 214**  
**NURSING SUPERVISION AND LEADERSHIP I**  
**2 UNITS**

Grade Only

Recommended Concurrent Enrollment: ADN 223.

Prerequisite: ADN 112 or equivalent; and ADN 221 or equivalent.

Limitation on Enrollment: Enrolled in the Nursing program.

Lecture 2 hours

Offered: SPRING

Applies basic concepts of nursing leadership and management in various healthcare settings. Distinguishes key concepts of delegation, strategic planning, staffing, and scheduling, conflict resolution, team building, legal and ethical issues, managing personal/personnel problems, and leading change. [D; CSU] (Same as: ADN 114)

**ADN 221**  
**ADULT NURSING**  
**4 UNITS**

Grade Only

Recommended Concurrent Enrollment: ADN 214.

Corequisite: ADN 221L.

Lecture 4 hours

Offered: FALL

Describes nursing care for simple to moderate-risk and older adult patients with medical-surgical disorders. Applies clinical judgement and the nursing process to identify physiological cues and prioritize nursing interventions. Evaluates the outcomes and safety and quality in the nursing care and healthcare environments. Uses therapeutic communication techniques based on individual cultural practices. [D; CSU]

**ADN 221L**  
**ADULT NURSING LABORATORY**  
**4 UNITS**

Pass/No Pass Only

Fee: \$65

Recommended Concurrent Enrollment: ADN 214.

Corequisite: ADN 221.

Laboratory 12 hours

Offered: FALL

Applies nursing knowledge, care, and clinical judgment using the nursing process to identify cues, prioritize interventions, and evaluate treatment outcomes in patients with a variety of medical/surgical disorders. Demonstrates safe, quality patient-centered care to diverse populations. Demonstrates individual and interprofessional therapeutic communication techniques based on patients' cultural practices. [D; CSU]

**ADN 223**  
**ADVANCED ADULT NURSING PRACTICE**  
**3 UNITS**

Grade Only

Prerequisite: ADN 221 and ADN 221L, or equivalent.

Lecture 3 hours

Offered: SPRING

Applies the nursing process and clinical judgement to care for complex to high-risk and older adults with chronic disorders. Identifies physiological cues, prioritizes, and evaluates outcomes of nursing care. Recognizes safe, quality patient centered care related to nursing knowledge and skills. Uses effective communication with healthcare teams and diverse patient populations. [D; CSU]

**ADN 223L**  
**ADVANCED ADULT NURSING PRACTICE LAB**  
**3 UNITS**

Pass/No Pass Only

Fee: \$45

Prerequisite: ADN 221 and ADN 221L, or equivalent.

Corequisite: ADN 223.

Laboratory 9 hours

Offered: SPRING

Applies nursing knowledge and clinical judgment to demonstrate safe, effective care to diverse populations with a variety of complex to high-risk chronic medical/surgical disorders. Demonstrates safe, quality patient centered care with focus on knowledge, skills, and attitudes. Demonstrates professional communication within the healthcare team and with diverse populations. [D; CSU]

**ADN 225**  
**NURSING LEADERSHIP: PRECEPTORSHIP**  
**1 UNIT**

Pass/No Pass Only

Prerequisite: ADN 221 and ADN 221L and ADN 214, or equivalent.

Limitation on Enrollment: Enrollment is limited to current ADN students only.

Laboratory 3 hours

Offered: SPRING

Discusses role transition from student to new graduate nurse via a clinical course that includes patient care assignments utilizing all nursing skills and demonstrated new graduate level clinical judgement. [D; CSU]

**ADN 290**  
**ASSOCIATE DEGREE NURSING WORK EXPERIENCE I**  
**1-4 UNITS**

Pass/No Pass Only

Recommended Concurrent Enrollment: Enrollment in one other class directly related to the Associate Degree Nursing major in order to apply learned theory in a practical hands-on setting through an internship class. Limitation on Enrollment: Declared Associate Degree Nursing major.

Laboratory 12 hours

Offered: ALL

Introduces principles and skills acquired in Associate Degree Nursing majors to on-the-job assignments. One unit of credit is granted for every 54 hours of work experience. Credit may be accrued at the rate of 1 to 4 units per semester for a maximum of fourteen units. The job supervisor and instructor will evaluate each student's job performance. [D; CSU]

**ADN 290A**  
**ASSOCIATE DEGREE NURSING WORK EXPERIENCE I**  
**1 UNIT**

Pass/No Pass Only

Recommended Concurrent Enrollment: ADN 290.

Lecture 1 hour

Offered: ALL

Identifies and discusses basic-level principles related to a variety of patient care problems using the nursing process as a guideline to be applied to the clinical setting. [D; CSU]

**ADN 291**

**ASSOCIATE DEGREE NURSING WORK EXPERIENCE II**

**1-4 UNITS**

Pass/No Pass Only

Recommended Concurrent Enrollment: Enrollment in one other class directly related to the Associate Degree Nursing major in order to apply learned theory in a practical hands-on setting through an internship class.

Prerequisite: ADN 290 or equivalent.

Limitation on Enrollment: Declared Associate Degree Nursing major.

Laboratory 12 hours

Offered: ALL

Applies beginning-level principles and skills acquired in Associate Degree Nursing majors to on-the-job assignments. One unit of credit is granted for every 54 hours of work experience. Credit may be accrued at the rate of 1 to 4 units per semester for a maximum of fourteen units. The job supervisor and instructor will evaluate each student's job performance.

[D; CSU]

**ADN 291A**

**ASSOCIATE DEGREE NURSING WORK EXPERIENCE II**

**1 UNIT**

Pass/No Pass Only

Recommended Concurrent Enrollment: ADN 291.

Lecture 1 hour

Offered: ALL

Describes and interprets beginning-level principles related to a variety of patient care problems using the nursing process as a guideline to be applied to the clinical setting. [D; CSU]

**ADN 292**

**ASSOCIATE DEGREE NURSING WORK EXPERIENCE III**

**1-4 UNITS**

Pass/No Pass Only

Recommended Concurrent Enrollment: Enrollment in one other class directly related to the Associate Degree Nursing major in order to apply learned theory in a practical hands-on setting through an internship class.

Prerequisite: ADN 291 or equivalent.

Limitation on Enrollment: Declared Associate Degree Nursing major.

Laboratory 12 hours

Offered: ALL

Provides intermediate-level principles and skills acquired in Associate Degree Nursing majors to on-the-job assignments. One unit of credit is granted for every 54 hours of work experience. Credit may be accrued at the rate of 1 to 4 units per semester for a maximum of fourteen units. The job supervisor and instructor will evaluate each student's job performance. [D; CSU]

**ADN 292A**

**ASSOCIATE DEGREE NURSING WORK EXPERIENCE III**

**1 UNIT**

Pass/No Pass Only

Recommended Concurrent Enrollment: ADN 292.

Lecture 1 hour

Offered: ALL

Describes and analyzes intermediate-level principles related to a variety of patient care problems using the nursing process as a guideline to be applied to the clinical setting. [D; CSU]

**ADN 293**

**ASSOCIATE DEGREE NURSING WORK EXPERIENCE IV**

**1-4 UNITS**

Pass/No Pass Only

Recommended Concurrent Enrollment: Enrollment in one other class directly related to the Associate Degree Nursing major in order to apply learned theory in a practical hands-on setting through an internship class.

Prerequisite: ADN 292 or equivalent.

Limitation on Enrollment: Declared Associate Degree Nursing major.

Laboratory 12 hours

Offered: ALL

Covers advanced-level principles and skills acquired in Associate Degree Nursing majors to on-the-job assignments. One unit of credit is granted for every 54 hours of work experience. Credit may be accrued at the rate of 1 to 4 units per semester for a maximum of fourteen units. The job supervisor and instructor will evaluate each student's job performance.

[D; CSU]

**ADN 293A**

**ASSOCIATE DEGREE NURSING WORK EXPERIENCE IV**

**1 UNIT**

Pass/No Pass Only

Recommended Concurrent Enrollment: ADN 293.

Lecture 1 hour

Offered: ALL

Assesses and evaluates advanced-level principles related to a variety of patient care problems using the nursing process as a guideline to be applied to the clinical setting. [D; CSU]

**ADN 299**

**INDEPENDENT STUDY**

**1-3 UNITS**

Pass/No Pass or Grade is Allowed

Limitation on Enrollment: Eligibility for independent study.

Lecture 3 hours

Offered: ALL

Individual study and/or clinical laboratory experience in some area of nursing of particular interest to the student. [D; CSU]
